

*Day Two: Saturday, June 12, 2021 9:00 AM to 2:00 PM*

## **Welcome and Check-In**

### **Organizational Update**

The City Manager and staff will provide an overview of what the organization has been focused on and address the current financial and operating context for the City.

### **Critical Success Factors**

We will develop a framework for priorities by understanding what the Council hopes will be true in the future and by determining those “big buckets” of things that must go well for Minot to fulfill its role in providing residents with an excellent quality of life. For each area, we will consider what success looks like for each Critical Success Factor and what each element of the strategic planning framework means for Minot.

### **Individual Priorities – Council Priorities**

Each member of the Council will be asked to share with their colleagues the three most important policies or initiatives they wish to accomplish while serving the City of Minot. We will then consider individual priorities and understand the shared priorities among the governing body.

### **The Last Word**

After participating in the retreat, members of the Council and staff will be asked to share a final word that captures how they are feeling about supporting the City’s direction and priorities.
