Dear John Zakian, NDR Program Manager

My name is Debra Carpenter, I had my home rebuilt after the 2011 flood with the reconstruction loan through the CDBG program. I was very thankful for that, although since the flood I have really struggled and gone through some great hardships. I am a 61 year old woman and really trying to hang on financially. I've been waiting to have the lien on my house removed so I can refinance the house and pay off some hospital bills I acquired from a recent surgery I am currently healing from. Fortunately, I do go back to work 12/05/2018. I have been putting this surgery off for years due to not being able to afford it or afford to take the time off. I am writing this to ask for forgiveness on my loan, I let my flood insurance lapse about one year. I know how important this is and I have tried my absolute best to keep up with it since. I would really appreciate it. Thank you for your time, Sir.
