## **III. Minot Area Land Trust Project**

The National Disaster Resilience program focuses on disaster recovery and resilience. It is important to identify the resilience goals of this project and the process used to evaluate and determine the specific resilience elements for the affordable single-family homes. In the aftermath of the historic 2011 flood in Minot, the City has made efforts to respond to the housing needs of LMI families affected by the flood, evaluated the evolving housing challenges resulting from the flood, and the oil boom that further complicated the affordable housing challenge facing Minot.

Affordable housing is frequently vulnerable during and after natural disasters and LMI residents are particularly challenged because they do not have the resources to help them recover from disasters. Because of the impact of the 2011 flood and the revised FEMA FIRM maps, there is a shortage of standard affordable single-family resilient homes available in Minot. Affordable homes for LMI families are nearly impossible to find in resilient areas of the City. Providing affordable single-family resilient

homes is essential to reducing the vulnerability of LMI families to environmental risks such as flooding.

MACLT primary goal is Developing and Enhancing Resident Community Resilience. MACLT has proposed acquiring ten (10) properties to develop single-family homes that are affordable to LMI families outside of the new FEMA flood plains and within the City's designated Resilience Area.

Investment in long-term resilience has proven to be a smart investment for communities and is essential for affordable housing assets that many vulnerable residents rely on. Resilient housing is more environmentally sustainable, accessible, and energy efficient and investments in long term resilience can help to reduce expenses and costs helping to ensure more economically sustainable affordable housing.

#### **IV. Subrecipient Obligations**

As a condition of receiving this subaward, the Subrecipient shall manage and administer the Affordable Single-Family Project, including required project procurement, design, acquisition, preparation of plans and specifications for new construction and for housing rehabilitation, preparation of bids for construction, construction, inspection and completion of the work described in this agreement. These records include but are not limited to: Records documenting compliance with the fair housing and equal opportunity requirements of the CDBG program regulations; Financial records as required by 24 CFR 570.502, and 2 CFR part 200, including records necessary to demonstrate compliance with all applicable procurement requirements; and Other records necessary to document compliance with this agreement, any other applicable Federal statutes and regulations, and the terms and conditions of Grantee's Federal award.

As required by 2 CFR 200.331(a)(5), the Subrecipient shall permit the Grantee and auditors to have access to the Subrecipient's records and financial statements as necessary for the Grantee to meet its audit requirements under the Federal award. The U.S. Department of Housing and Urban Development, Inspectors General, the Comptroller General of the United States, and the City of Minot, or any of their authorized representatives, must have the right of access to any documents, papers, or other records which are pertinent to the Federal award, in order to make audits, examinations, excerpts, and transcripts. The right also includes timely and reasonable access to the Subrecipient's personnel for the purpose of interview and discussion related to such documents.

Prior to close-out of this agreement, the Subrecipient must transmit to the Grantee records sufficient for the Grantee to demonstrate that all costs under this agreement met the requirements of the Federal award. The Subrecipient must comply with 2 CFR §200.303 and take reasonable measures to safeguard protected personally identifiable information, as defined in 2 CFR 200.82, and other information HUD or the Grantee designates as sensitive or the Subrecipient considers sensitive consistent with applicable Federal, state, local, and tribal laws regarding privacy and obligations of confidentiality.

Program Closeout is the process by which the Grantee determines that all applicable actions and all required work on the project including audits and resolution of any audit findings have been completed. Findings from City monitoring visits must be cleared prior to closeout. Subrecipient's obligation to the Grantee shall not end until all closeout requirements are completed.

The Subrecipient shall permit the Grantee and auditors to have access to the Subrecipient's records and financial statements as necessary for the Grantee to meet the requirements of 2 CFR part 200. The Subrecipient must submit to monitoring of its activities by the Grantee as necessary to ensure that the

In response to audit deficiencies or other findings of noncompliance with this agreement, Grantee may impose additional conditions on the use of the CDBG-NDR funds to ensure future compliance or provide training and technical assistance as needed to correct noncompliance.

#### **H. Procurement and Contractor Oversight**

The Subrecipient shall comply with the procurement standards in 2 CFR §200.318 - §200.326 when procuring property and services under this agreement. HUD's Buying Right CDBG-DR can be found at <https://www.hudexchange.info/resources/documents/Buying-Right-CDBG-DR-and-Procurement-A-Guide-to-Recovery.pdf>. The grantee must also comply with provisions of the Federal Funding Accountability and Transparency Act, which includes requirements on executive compensation, and 2 CFR part 170 Reporting Subaward and Executive Compensation Information.

#### **K. Relocation, Real Property Acquisition, and One-for-one Housing Replacement**

The Subrecipient shall comply with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (URA), 42 USC 4601 – 4655, 49 CFR part 24, 24 CFR part 42, and 24 CFR 570.606.

In addition to other URA requirements, these regulations (49 CFR § 24.403(d)) implement Section 414 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 USC § 5181, which provides that "Notwithstanding any other provision of law, no person otherwise eligible for any kind of replacement housing payment under the [URA] shall be denied such eligibility as a result of his being unable, because of a major disaster as determined by the President, to meet the occupancy requirements set by such Act".

Subrecipient will minimize displacement of persons as a result of activities assisted with CDBG funds. In addition, if applicable, Subrecipient will:

1. Comply with Sections 301-304 of Title III (Uniform Real Property Acquisition Policy) of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. Chapter 61), and HUD implementing instructions at 24 CFR Part 42 and 24 CFR §570.606; and
2. Inform affected persons of their rights and of the acquisition policies and procedures set forth in the regulations at 24 CFR Part 42.

#### **L. Nondiscrimination**

The Subrecipient will comply with 24 CFR part 6, which implements the provisions of section 109 of title I of the Housing and Community Development Act of 1974 (Title I) (42 U.S.C. 5309). Section 109 provides that no person in the United States shall, on the ground of race, color, national origin, religion, or sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity funded in whole or in part with Federal financial assistance.

The Subrecipient will adhere to the prohibitions against discrimination on the basis of age under the Age Discrimination Act of 1975 (42 U.S.C. 6101-6107) (Age Discrimination Act) and the prohibitions against discrimination on the basis of disability under section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) (Section 504). Section 109 of the HCDA makes these requirements applicable to programs or activities funded in whole or in part with CDBG-DR funds. Thus, the Subrecipient shall comply with regulations of 24 CFR part 8, which implement Section 504 for HUD programs, and the regulations of 24 CFR part 146.

The Subrecipient shall ensure that its activities are consistent with requirements of Architectural Barriers Act and the Americans with Disabilities Act. The Architectural Barriers Act of 1968 (42 U.S.C. 4151-4157) requires certain Federal and Federally funded buildings and other facilities to be designed, constructed, or altered in accordance with standards that insure accessibility to, and use by, physically handicapped people. A building or facility designed, constructed, or altered with funds allocated or reallocated under this part after December 11, 1995, and that meets the definition of "residential structure" as defined in 24 CFR 40.2 or the definition of "building" as defined in 41 CFR 101-19.602(a) is subject to the requirements of the Architectural Barriers Act of 1968 (42 U.S.C. 4151-4157) and shall comply with the Uniform Federal Accessibility Standards (appendix A to 24 CFR part 40 for residential structures, and appendix A to 41 CFR part 101-19, subpart 101-19.6, for general type buildings).

The Americans with Disabilities Act (42 U.S.C. 12131; 47 U.S.C. 155, 201, 218 and 225) (ADA) provides comprehensive civil rights to individuals with disabilities in the areas of employment, public

accommodations, State and local government services, and telecommunications. It further provides that discrimination includes a failure to design and construct facilities for first occupancy no later than January 26, 1993, that are readily accessible to and usable by individuals with disabilities. Further, the ADA requires the removal of architectural barriers and communication barriers that are structural in nature in existing facilities, where such removal is readily achievable—that is, easily accomplishable and able to be carried out without much difficulty or expense.

The Subrecipient shall comply with the requirements of Title VI of the Civil Rights Act of 1964 (P. L. 88-352), as amended [if the Grantee is subject to 24 CFR part 570, subpart K, insert: “and 24 CFR 570.601 and 570.602”. No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity funded by this agreement. The specific nondiscrimination provisions at 24 CFR 1.4 apply to the use of these funds. The Subrecipient shall not intimidate, threaten, coerce, or discriminate against any person for the purpose of interfering with any right or privilege secured by title VI of the Civil Rights Act of 1964 or 24 CFR part 1, or because he has made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under 24 CFR part 1. The identity of complainants shall be kept confidential except to the extent necessary to carry out the purposes of 2 CFR part 1, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.

As a condition to the approval of this Agreement and the extension of any Federal financial assistance, the Subrecipient assures that the program or activities described in this Agreement will be conducted and the housing, accommodations, facilities, services, financial aid, or other benefits to be provided will be operated and administered in compliance with all requirements imposed by or pursuant to this Part 1.

If the Federal financial assistance under this agreement is to provide for is in the form of personal property or real property or interest therein or structures thereon, the Subrecipient’s assurance herein shall obligate the Subrecipient or, in the case of a subsequent transfer, the transferee, for the period during which the property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits, or for as long as the recipient retains ownership or possession of the property, whichever is longer. In all other cases the assurance shall obligate the Subrecipient for the period during which Federal financial assistance is extended pursuant to the contract or application. This assurance gives the Grantee and the United States a right to seek judicial enforcement of the assurance and the requirements on real property.

In the case of real property, structures or improvements thereon, or interests therein, acquired with Federal financial assistance under this Agreement or acquired with CDBG-NDR funds and provided to the Subrecipient Under this Agreement, the instrument effecting any disposition by the Subrecipient of such real property, structures or improvements thereon, or interests therein, shall contain a covenant running with the land assuring nondiscrimination for the period during which the real property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

#### **M. Labor and Employment**

If there is a proposed change in the location or scope of a Project activity, MACLT shall not undertake any action to obligate or expend funds in connection with the proposed change without obtaining the City's prior written approval. Any such City approval shall be subject to City's sole determination as to whether the proposed change requires an additional environmental review and clearance before any funds may be committed or expended for the Project activity.

A violation of this requirement may result in a prohibition on the use of Federal funds for the activity.

**Project Description/Scope of Work**

The National Disaster Resilience program focuses on disaster recovery and resilience. It is important to identify the resilience goals of this project and the process used to evaluate and determine the specific resilience elements for the affordable single-family homes. In the aftermath of the historic 2011 flood in Minot, the City has made efforts to respond to the housing needs of LMI families affected by the flood, evaluated the evolving housing challenges resulting from the flood, and the oil boom that further complicated the affordable housing challenge facing Minot.

Affordable housing is frequently vulnerable during and after natural disasters and LMI residents are particularly challenged because they do not have the resources to help them recover from disasters. Because of the impact of the 2011 flood and the revised FEMA FIRM maps, there is a shortage of standard affordable single-family resilient homes available in Minot. Affordable homes for LMI families are nearly impossible to find in resilient areas of the City. Providing affordable single-family resilient homes is essential to reducing the vulnerability of LMI families to environmental risks such as flooding.

MACLT primary goal is Developing and Enhancing Resident Community Resilience. MACLT has proposed acquiring ten (10) properties to develop single-family homes that are affordable to LMI families outside of the new FEMA flood plains and within the City's designated Resilience Area.

**EXHIBIT B**  
**Project Budget**

The Project budget for the activities under this Agreement is mutually agreed will be attached under Exhibit B as Attachment B-1 upon completion of the project plans and specifications and the preparation and review of the project budget as described in the scope of work. The Project budget must be consistent with the scope set forth in Exhibit A, demonstrate capacity and capability to meet the timelines set forth in the agreement, and be consistent with eligible expenses allowed under this agreement and by the agreement's cited HUD rules. The Project Budget shall be submitted to the DR Grant Program Director and does not become effective until the DR Grant Program Director files with the city Finance Director and the Subrecipient a letter accepting the Project Budget.

In the event of a Subrecipient change to the Project Budget, the Subrecipient shall provide a written explanation of the change and certification that sufficient other funds are committed to and available to the Project to enable satisfactory completion.
