III. DESCRIPTION

A. Background

Trinity Health has concerns about their employees having to cross 1st Street SW. The employee parking lot is on the east side of 1st Street SW and the Trinity Health CancerCare Center is on the west side of 1st Street SW.

Utilizing the North Dakota Traffic Operations Manual (November 2018), the flowchart for Pedestrian Crosswalks lead to the Advance Pedestrian Crossing Sign as the recommended implementation given the current crossing conditions.

Trinity Health also raised the concern about vehicles parking near, and sometimes overlapping, the access to the ambulance bay. Resulting in ambulances having difficult and time-consuming entering and exiting maneuvers.

Conversations with Trinity Health have concluded that this recommended ordinance would solve the ambulance bay access issue while also providing a safer crossing for their employees.
