III. DESCRIPTION

A. Background

Each year, the Water and Sewer Department budgets funds for sewer main replacement in areas where old sewer mains are in poor condition. The proposed improvements are necessary because of the high maintenance costs over the past several years.

On Tuesday, March 26, 2019 at 11:30 a.m., bids were opened for the 2019 Sanitary Sewer Rehab Project. Below is a copy of the bid tabulation showing the different bids:

2019 Sanitary Sewer Rehab Project Bid Tabulation City Project #4391	
Engineers Estimate: \$ 282,183.50	
Bidder	Total Bid
Post Construction	\$351,667.00
Visu-Sewer, Inc.	\$207,675.10

The lowest bid was received by Visu-Sewer, Inc. in the amount of \$207,675.10.

B. Proposed Project

Work for this project this year will mostly concentrate in areas of town where tree roots penetrate older sewer mains causing high potential for sewer backups. These mains are mostly in decent condition so cure in place lining systems are an excellent rehab method without needing to excavate in the street. Since prices for this project came in well under the estimate and budget, a change order proposal for additional work will be worked out with the contractor to get more lining done while we have the contractor in town.
