Jason Sorenson, Assistant Public Works Director	857-4140

III. DESCRIPTION

A. Background

This project rerouted the raw water line that brings Sundre Aquifer water to the Minot water treatment plant around the south end of Minot. It consisted of about seven miles of pipeline installation and a tie into the NAWS raw water line south of Minot. The project was bid in April of 2017 and Wagner Construction submitted the low bid at \$6,992,686.00. They have completed all remaining contract items.

IV. IMPACT:

B. Fiscal Impact:

The project was funded using NAWS sales tax dollars with an understanding from the ND State Water Commission that 65% of the costs would be applied as credit toward a future NAWS project.
