SUBJECT: CITY ASSET TRANSFER TO PARK DISTRICT – REFUSE PACKER

I. RECOMMENDED ACTION

Recommend council authorize transfer of a surplus refuse packer in the sanitation department to the Park District.

II. DEPARTMENT CONTACT PERSONS

Dan Jonasson, Director of Public Works	857-4140
Jason Sorenson, Asst. Director of Public Works	857-4768

III. DESCRIPTION

A. Background

The Sanitation Department has a 2001 Leach 25-yard refuse packer that is no longer needed. In 2015, a spare sanitation truck and packer was transferred to the Park District to assist with their operations. This spare packer is the same make and similar model of the one that is on the truck that the Park District still currently utilizes. This spare packer is structurally unsound for its intended purpose but has several parts that are still in fair condition. These parts would be interchangeable with many of the components that are on the Park District's unit.
