

TO: Mayor Shaun Sipma
Members of the City Council

FROM: Stephen Joersz P.E. P.T.O.E., Traffic Engineer

DATE: January 4, 2021

SUBJECT: NO PARKING ON 10TH STREET NE AT 9TH AVENUE NE

I. RECOMMENDED ACTION

It is recommended that council pass a resolution to add a parking restriction to the following location:

1. East side of 10th Street NE, south 50-feet from the center of the 9th Avenue NE intersection.

II. DEPARTMENT CONTACT PERSONS

Lance Meyer, City Engineer	857-4100
Stephen Joersz, Traffic Engineer	857-4100

III. DESCRIPTION

A. Background

The Engineering Department was contacted by the Minot Public Schools Transportation Services about school buses having difficulty navigating an eastbound 9th Avenue NE right-turn movement to head southbound on 10th Street NE.

Both 10th Street NE and 9th Avenue NE in this vicinity are 24-foot wide roadways that currently have one side of the road designated as ‘no-parking.’ It is the Engineering Department’s, as well as Minot Public Schools Transportation Services, feeling that if a short no-parking zone was created on east side of 10th Street NE immediately south of 9th Avenue NE that school buses, along with city maintenance and emergency services vehicles, would be better able to navigate this intersection.

The above recommendation is in-line with Section 20-3 - Traffic-control actions by director of public works, which states:

- (4) Designate parking restrictions on streets less than thirty (30) feet in width and no parking areas, not exceeding one hundred (100) feet in length, where parking would create a hazardous condition or delay traffic;

B. Proposed Project

N/a

C. Consultant Selection

N/a

IV. IMPACT:

A. Strategic Impact:

A safer and more visible roadway for residents of the City of Minot. Parking restriction gives maintenance, transportation and emergency services space to navigate the 10th Street NE and 9th Avenue NE intersection.

B. Service/Delivery Impact:

N/a

C. Fiscal Impact:

The No Parking signs and posts will come out of the Traffic Department's inventory. The Traffic Department will perform the installation.

Project Costs

Traffic Department's budgeted funds
