SUBJECT: ENCROACHMENT PERMIT – 7 3rd STREET SE

I. RECOMMENDED ACTION

1. Recommend approval of the Right of Way Encroachment Permit Application for the projecting wall sign on the building at 7 3rd Street SE.

II. DEPARTMENT CONTACT PERSONS

Emily Huettl, Assistant City Engineer	857-4100
Lance Meyer, City Engineer	857-4100

III. DESCRIPTION

A. Background

Knockout Designs submitted an encroachment permit application on behalf of Legacy Design Strategies (tenant) and Gaylin Schmidt et al. (owners) for a projecting wall sign from the western face of their building at 7 3rd Street SE. The bottom of the proposed sign exceeds the required minimum of eighty-inches (80") above the elevation of the existing sidewalk below.

B. Proposed Project

The proposal is to add a new projecting wall sign, as shown in the attached application.

Encroachments within the right-of-way are interpreted as a permanent encroachment as defined in Article I. Section 28-3 of the Code of Ordinances. If the City Council deems that the request is warranted, it should be approved with the following recommendations:

1. That the City Council approves the encroachment listed above.
2. That the permit holder agrees that the costs of maintenance and replacement be their responsibility.
3. That the City Attorney prepares the encroachment permit agreement, including language to protect the City from liability.
4. That the City Council retains the right to revoke the encroachment permit if it becomes necessary for any reasons.
5. That the permit holder pays a \$100 permit fee.
7. That no person may install the proposed sign within the public right-of-way without having first obtained a permit from the City Engineer.
