III. DESCRIPTION

A. Background

This has been an ongoing annual grant program which pays 50% of the qualified bulletproof vest purchases for the police department.

B. Proposed Project

The Minot Police Department requests authorization to apply for and, if awarded, accept the 2021 US Department of Justice (USDOJ) Bulletproof Vest Partnership Grant. This has been an ongoing grant which pays for 50% of qualified bulletproof vest purchases. We anticipate the need for twenty (20) new and replacement vests, with an estimated cost of \$16,000. The maximum amount reimbursed by this grant would be \$8,000 if the full request is approved.

*This application was submitted on June 12, 2021, in advance of the June 14, 2021 deadline.

IV. IMPACT:

A. Strategic Impact:

The Minot Police Department strives to provide professional law enforcement services to the Minot community. At times, these services can present extreme danger to the officers and the bulletproof vests help reduce injury or death of our officers. This grant aids us in providing quality protective equipment to our officers while reducing the fiscal impact to the City of Minot.

B. Fiscal Impact:

Funds provided through this grant require a 50% local match, which is paid for from the Police Department's department materials and supplies budget. (10021000-46101)

Project Costs

Bulletproof Vest Grant	8000.00
Local Match	<u>8000.00</u>
Total	\$16,000.00

V. ALTERNATIVES

Alt 1. The Council could deny the grant which would remove all grant funding leaving the police department 100% financially responsible for purchasing and replacing bulletproof vests for the officers.

VI. TIME CONSTRAINTS
