I. RECOMMENDED ACTION
   1. Recommend approval of award to Huwe the House Mover for relocation of a building in the amount of $154,500
   2. Recommend approval of award to the SRJB.

II. DEPARTMENT CONTACT PERSONS
    Dan Jonasson, Director of Public Works  857-4140
    Ryan Ackerman, Administrator – SRJB  837-8737

III. DESCRIPTION
    A. Background
       As part of the MI-5 alignment project, the SRJB has agreed to relocate a 60 x 200 foot building that was acquired out to the Public Works facility for use in storing flood control closures and flood control related equipment.
    B. Proposed Project
       The project moves a 60' x 200' building from 13th street NE and Railway to the Public Works Yard for storage of flood control equipment and closure pieces so that there is a central location for this equipment.
    C. Consultant Selection
       Houston Engineering, Barr – Ackerman along with and HDR Engineers were selected by the SRJB in accordance with state statute to design phases of the MREFPP.

IV. IMPACT:
    A. Strategic Impact:
       This building is part of the MI-5 phase of flood protection and will provide a central storage location for flood related equipment and closure parts. There was only one bid received for this work, the local bidder, Huwe the House mover is qualified to complete this work and has moved a similar building to the PW facility.
B. **Service/Delivery Impact:**

C. **Fiscal Impact:**

   *Engineers estimate is $152,500.*
   *Bid from Huwe, The House Mover, Inc. was $154,500*

   *This project is funded through the SRJB with 65% state and 35% Minot sales tax funding*
