**APPROVE A BUSINESS INCENTIVE AGREEMENT WITH LPNI, LLC REGARDING THE MINOT INTERMODAL PORT – APPROVED**

The City Manager, Harold Stewart, did a presentation on Business Incentive Agreements. BIA’s are the use of public funds to incentivize local business ventures. He discussed the requirements by state law of a BIA, one being. A BIA should always create jobs, term balances of public investment and should ensure accountability. The presentation ended with the idea of what the minimum standard should be for the City of Minot in terms of years for the agreement.

Alderwoman Evans asked for the City Manager walk through a 10-year term vs. a 5-year minimum term. Harold said that he is supportive of the BIA with the Intermodal Port. This particular agreement has a purchase option within the existing lease with the amount of the sale already set. The agreement has some guarantee and commitment of jobs created bud does not have any outlined private sector funds. Harold believed that a 5-year agreement is a little light and a 10-year agreement would provide more return on the funds.

Alderman Jantzer proposed the question son whether the agreement had to be a 5-year or a 10-year? Harold replied with the fact the agreement cannot go below a 5-year term but anything above that is negotiable with MACEDC. The City of Minot staff recommend a 10-year agreement but MACEDC is looking for a 5-year agreement.
Alderwoman Evans asked John MacMartin if he could explain on behalf of the MACEDC why 5 years and why it would be beneficial for the community. John spoke about how the 5-year term would be more comparable to other agreements. MACEDC after the foreclosure and bankruptcy. This is about the benefit of moving products but with mother nature and supply chain issues this can make the business volatile.

Alderman Pitner wanting to find out if John new if the current operator at the port had weighed in on a 5-year term vs a 10-year term. John responded with the operator would like a 5-year agreement because he is weighing all his business costs. Alderman Podrygula inquired if the agreement terms could be altered if needed after the agreement is in place. John said that you can change the agreement but with the agreement both parties want to know what they are getting into.

Alderman Pitner motioned for the City Council approves a 10-year agreement and the assignment in the interest of the lease. The motion was seconded by Alderwoman Evans.

Alderman Pitner understands MACEDC’s position but it is the lowest standard and we can hold to a higher standard as a council. Alderwoman Evans spoke about how the City Manager and staff have taken the time to make the case on the 10-year agreement and that is why she supports this motion.

Alderman Podrygula mentioned that MACEDC has done great work but there is also an obligation to the staff recommendations. He stated that city staff should speak with other cities to about common framework for future Business Incentive Agreements. Alderman Podrygula see the significance of this project for the state and the city and will support the 10-year agreement.

Alderman Podrygula is torn between the staff recommendations and the MACEDC recommendations. She thought 10-years seemed like a long time for this particular agreement and would support a 5-year term. Alderman Jantzer also stated that the state statute is there for a reason. He thought all of these agreements should be considered separately and he was willing to accept a 5-year term for this particular agreement. Alderman Ross recognized that the staff has done their homework but this is an opportunity to send a message that we are willing to work with other business and he was in support of the 5-year agreement.

Mayor Sipma has sat on the MACEDC board and has listened to many discussions on 5-year vs 10-year. He mentioned two letters John provided to the council two State Commissioners that supported the 5-year agreement. He said it is hard to always measure by job growth. The Mayor mentioned that this is about creating relationships, finding an operator, and that BNSF wants this project in Minot. He was in support of the 5-year term.

The City Attorney, Kelly Hendershot, clarified that the second part of the motion should be to approve the lease amendment conditioned on the assignment to LPND1. Alderman Pitner and Alderwoman Olson agreed. The motion carried by the following roll call vote: ayes: Evans, Pitner, Podrygula; nays: Jantzer, Olson, Ross, Sipma. The Mayor announced the motion failed and looked to the council for another motion.

Alderman Jantzer made a motion for the City Council to approve a 5-year agreement and approve the lease amendment conditioned on the assignment to LPND1. Motion was seconded by Alderwoman Olson and carried by the following roll call vote: ayes: Evans, Jantzer, Olson, Pitner, Podrygula, Ross, Sipma; nays: none.

PERSONAL APPEARANCES

Chief John Klug from the Minot Police Department gave the City Council an update on his staff in relations to COVID. He also mentioned that the K-9 Donation Project will be opening and there would be more information to come. Mayor Sipma asked John about how much adding another K-9 is to the department. Chief Klug responded with about $36,000 in equipment and vehicle and about $32,000 for the K-9 and training. Alderman Podrygula responded with appreciation for all the hard work of the PD staff and the update.

MISCELLANEOUS & DISCUSSION ITEMS

John MacMartin presented the semi-annual MACEDC presentation. He discussed how they are attracting private sector jobs such as the Intermodal Port. John spoke about the Minot Air Force Base and Task Force 21. The MACEDC is responding to RFP’s, they are giving new businesses assistance, they are supporting the Minot One Brand and they have a new job training grant program with Job Service of ND. For the future and on-going planning, MACEDC is working on their strategic plan, they are promoting the City of Minot, they are working on their key initiatives, and LOIS has a presence online now for two years. Lastly, John mentioned the MACEDC’s new and current efforts such as the CTE, Start-Up Minot, BR&E they are interviewing 5 businesses a month, and MAGIC Fund applications.
Alderwoman Evans inquired about if you can track engagement with LOIS. John said that Jaime is working on the input into LOIS and is trying to extract reports. The reports on LOIS are generic so the LOIS staff is trying to improve on the reporting process.

Alderman Podrygula thanked John for the report because it was nice to see the data shared and he is pleased with the relationship between MACEDC and the City of Minot. Alderwoman Evans appreciated the transparency and efforts of the MACEDC.

LIAISON REPORTS

Alderwoman Evans had nothing to report.

Alderwoman Olson attended the Liaison Committee meeting on January 13th. It was the City’s turn to chair this year and Mark Vollmer reported on the upcoming new school and remodel projects. There will be an item on the agenda coming up about the Minot Area Wide Planning Committee that was discussed at the meeting. She also attended the CTE Kick-Off.

Alderman Podrygula attended the County Planning Commission and they are working on updating Ordinances. The Minot Commission on Aging had a regular meeting, the Emergency Resource Council met on emergency preparedness, the Comprehensive Plan Steering committee is working with consultants on a vision of plan, and the Greenway Ecological Restoration Committee met about the use of the flood plan greenway.

Alderman Pitner had nothing to report.

Alderman Jantzer was present at the Liaison Committee meeting and mentioned that Alderwoman Olson was elected as the Chair for the committee this year.

Alderman Ross went to the Zoning Ordinance Steering Committee and they had about 20 minor changes as clean-up.

Mayor Sipma attended the MACEDC Board meeting and mentioned the upcoming State of the City on February 18, 2022.

Mayor Sipma also thanked the City of Minot street crews and wanted to mention that mailboxes are the responsibility of the citizens.

ADJOURNMENT

There being no further business, Alderman Pitner moved the City Council meeting be adjourned. Motion seconded by Alderman Ross and carried unanimously. Meeting adjourned at 7:14 pm.
