

## SAW CUT AND SEALANT - PCC PAVEMENT

### Notes:

1. T = Pavement thickness.
2. The saw cut and sealant detail applies to both transverse and longitudinal joints.
3. The 1st & 2nd saw cut shall be completed on all contraction joints. Only a cut conforming to the 2nd cut shall be required on construction joints.
4. Saw cut & sealant is an incidental cost and not a pay item.

City Plate No.:  
STR-17D
